20) There is no provision in the budget to meet the charge during the current year. According to Rule (1) of Government Order of 25th -- January 1915 only proposals of an emergent character involving additional expenditure not provided for in the budget may be sanctioned within the first four months of the official year subject to funds being found by re-appropriation within the departmental budget and the Department or Government in the Administrative Department, giving an undertaking that the source will be indicated later on.

It will be seen that the new grades do not fit in with the existing grades and there will be complications in adjusting the pay of persons transferred to the new grades from time to time and consequent anomalies, claims for personal allowances, ⊗ advance increments, × etc.

If Government consider that the proposals are of an emergent character and cannot be postponed I would suggest that the entertainment of additional hands may be sanctioned on the existing grades as proposed by Assistant Secretary, Branch III, at a cost not exceeding Rs. 2,565/- per annum subject to the conditions enunciated in para 1.

Subject:— Proposals for the revision of the clerical establishment of the Chief Court of Mysore.

Paper under disposal SLJ

1. The Chief Court represents that the work of the officials in that Court has increased so much that there is an urgent need to strengthen the establishment by the appointment of five more officials ,as mentioned in the margin. It is stated that the addition now proposed is, in the opinion of the Judges " the least establishment with which it is hoped to get on with the increased work".

I Typist on Rs 25-1-30
I Typist on Rs 30-3-45
I Translator on Rs45-3-60
I clerk on Rs 45-3-60
I clerk on Rs 60-3-75
Average monthly pay of the 5 clerks is Rs $253\frac{3}{4}$ or Rs 3045/-per annum.

2. The Financial Secretary is of opinion that, in the circumstances mentioned by him, the proposals may be postponed till such time as funds are found, but that, if it is considered necessary to sanction the proposals now, the additional hands may be sanctioned on the existing grades, subject either to funds being found by re-appropriation within the Departmental budget or to the Government undertaking to indicate the source later on for meeting the expenditure during the current official year.

Page 9 of this note

3. The Chief Court have given convincing reasons for their proposals; and I am satisfied that the additional establishment asked for is quite necessary in the interests of efficiency. The grades proposed are suitable; and there is not likely to be any difficulty worth mentioning in adjusting the pay of the persons transferred to these grades, pending a general revision of the establishment, especially if it be made an instruction that no advances of increment should be

given. The source from which the additional cost is to be met will be indicated later on. It will probably not be necessary to make any addition to the budget as already sanctioned,,as the provision of Rs 6000 made for the revision of the Revenue Commissioner's offic is not likely to be fully utilised.

Registrar of the Chief Court of Mysore.

To

General Department.

S i r ,

I am directed to state that the work of the officials in the Munshi Department and in the Copying and Correspondence Branches of this Court has increased so much that the existing Establishment cannot properly cope with it without falling into arrears.

Year	Civil							Criminal						Total
	S.A.	Ap.	R.A.	Mis. Ap.	C.P.R.	C.P.	Reference case	Ap-peal	Rev. Petn	Rev. case	Petition	Reference case

1914-15	301	43	409	..	113	50	..	133	193	53	40	10		1395

2. This is due to the following causes :-

(a) The steady increase in the number of cases of all classes instituted as shown in the margin: The sittings of the Court used to be three, or occasionally four, in a week formerly. For the last 20 months the Judges as a rule sit in court on 5 days in the week.

This

This necessitates the preparation for hearing of more cases and additional work is thrown on the Munshi Establish-ment which at present consists of 7 officials only.

(b) The number of judgments and orders that have to be fair-copied or typed has thus so considerably increased that the Copying Department find it difficult to keep pace with the current work.

(c) The number of letters despatched by this Court up to date is 4684. We have still 3 months in the official year and the probable number of letters for this period is estimated to be another 1500. When compared with the number of letters despatched in the previous years as noted in the margin it will be seen that the correspondence has steadily increased during the last two years.

(d) In addition to these, several cases are being sent by the Government to this Court for the opinion of the Judges, the number for 1914-15 being 33. The replies to these references, accompanied in several instances with the opinions of the Judges, are frequently lengthy and throw additional work on the Fair-Copying Branch which at present consists of 6 officials. The Head

Clerk who is in charge of this Branch has no separate Reader, but gets one of the clerks under him to read the fair copies for comparing. The work of comparing copies made every day, is not completed the same day, for the reason that the number of copies are many or for want of a Reader.

(e) The decree writer who is one of the officials of the Copying Branch has none to assist him in preparing decrees. One of the officials of this Department has to fair-copy Draft Head-notes in cases to be reported. The Copying Department as will be seen from the above is undermanned and requires immediate strengthening.

When on the 26th January and 2nd February last, the Chief Judge inspected the Chief Court Offices he noticed that the Translation Work was running into arrears as there were only 6 officials employed in this Branch. It was deemed necessary to employ at once temporary piece-work translators to get through the arrears and this has been done at present though the work of an irresponsible stranger is not ordinarily of as good a quality as that of a regularly paid official.

4. The increase in correspondence has already been referred to

Only

only two officials have hitherto been employed on correspondence work. The services of another responsible official are found imperative.

5. The officials find considerable difficulty in picking up unreported cases on different subjects and also important matters decided by correspondence for want of an index. The Judges have examined the form of Index maintained in the Madras High Court and have decided to maintain one like it from the 1st July next. This work requires an indexer specially trained and of good educational qualification. From an old list, found in the confidential records, it is found that during the time of Mr. J.D.Sandford, late Judicial Commissioner, an official of his court was styled an Indexer. No definite information could be gathered at this distance of time as to what the Indexer's duties were and why that post was abolished and when.

6. A list of the strength of this Court Establishment at various periods is herewith forwarded and I am to state that whenever the necessity was felt for increasing or decreasing the number of officials, this Court sent in proposals to the Government which appear to have been duly sanctioned.

There

7 There is an urgent need at present to strengthen the Establishment by the appointment of 2 good Typists who may also have passed an examination in Short-hand on a salary of Rs 25-1-30, and Rs 30-3-45 each, one translator on Rs 45-3-60, one clerk on Rs 45-3-60 to the Munshi Department who will also do the indexing work, and a correspondence clerk on Rs 60-3-75.

8 The scale of pay is proposed according to the New Scale proposed for the Revision of the Chief Court with this Court's letter No: 238/22 dated 18/21st July 1914. Since one official on Rs 25-1-30 is asked for in the Revision Proposals four other officials with pay as suggested above may be kindly sanctioned to be entertained from the 1st July next, due provision being made to meet the cost of the extra establishment (amounting to Rs 532-4-0) now proposed, in the next official Budget.

A1

9 A proposition statement in proper form is forwarded through the Comptroller.

10 I am to add that in the opinion of the Judges the proposal now made is the least establishment with which it is hoped this

Court

Court can get on with the present increased work.

SIR,

I have the honour to forward herewith, duly verified, a proposition statement in duplicate relating to the revision of the establishment of the Chief Court in Mysore. The proposition is (1) to increase the number of clerical establishment by 5 hands and (2) that of the menial establishment by 1 and (3) to provide for all round increase of pay to the existing men by a revision of their grades. The grounds of the proposition are stated to have been explained in the Chief Court's letter dated the 30th March 1916.

2. The financial effect of the proposition, if sanctioned, will be an increase of Rs.532-4-0 per mensem or Rs.6,387 per annum to the recurring expenditure of the State.
